“EMDR and the Art of Psychotherapy with Children”

2-Day Workshop – July 9-10, 2011

Flagstaff, AZ

Presented by Dr. Robbie Adler-Tapia

Sponsored by Tetreault Advanced Trainings

Co-sponsored by the EMDR Institute who maintains control of the contents of the workshop; and EMDRIA

This is an ADVANCED seminar requiring full completion of EMDRIA-approved EMDR Basic Training

WORKSHOP OVERVIEW

This interesting and fun workshop, based on the book by the same name, will focus on basic and advanced skills in the use of EMDR for the treatment of children. Using the Adaptive Information Processing model, the presenter will explain how to apply all 8 phases of the EMDR protocol, in language adapted to the developmental needs of children. Case conceptualization and implementation of the procedural steps will be explained in detail. Included will be a review of how to use EMDR with complex cases, and a variety of special issues, such as: ADHD, giftedness, OCD, attachment, dissociation, and sexual reactivity. The workshop will include lecture, videotaped demonstrations, and practicum experiences.

PRESENTER:

Robbie Adler-Tapia, PhD, is a licensed psychologist in Tempe, AZ, who works with children and families with trauma, attachment, adoption, and child welfare issues. She is an expert witness in the Juvenile and family courts. She is an EMDRIA-Approved Consultant, an EMDR Institute facilitator, and an EMDR- HAP Trainer. She has spoken nationally and internationally on children, dissociation, attachment and trauma.

LOCATION:

**The McGee Auditorium, Flagstaff Medical Center
(This facility meets ADA standards)**
